How do I search for a single picture by name?

To search for a single picture by name, at the same time hold down the Ctrl key, the Shift key, and the letter J. A window that says, Find by Caption or Note will appear on the screen.

Or you could click Find from the top menu, then select By Caption or Note from the drop down menu.

Type the name of the word you want to find a picture for in the box (in this example, dog). Then click OK.
How do I search for a single picture by name?

All of the photos in the catalog containing the word dog will show up. Double click the picture you want to enlarge it on the screen.
